SHINI 'J.K.' JAYARAJAN KOTTAYI

POST PRODUCER & SUPERVISING EDITOR

WHO I AM

Profile

I am a Post Producer and Supervising Editor based out of Mumbai, originally from Kerala, making films since 2016. Working my way up through the ranks in post-production has given me the end-to-end technical expertise to deliver polished, high-impact content on time and within budget.

Over the last decade, I have successfully put together workflows and cross-functional teams to deliver feature films, documentaries, web series, and commercials effectively, all while retaining humanity in the process.

I believe a clearly established workflow - democratically arrived at by every stakeholder of a project and factoring in realistic measures of rest - is the secret to successful project delivery. I excel at striking this balance.

WHAT I DO
